

CHATEAU D'OUPIA - LES HERETIQUES 2017

If you're in the market for a great bang for the buck from southern France, look no further than this Carignan and Syrah blend. As the story goes, it is named for a heretical Christian group that lived in the Languedoc but was wiped off the map by the Pope in the 13th century in retaliation for the murder of a papal representative. Chateau d'Oupia also dates back to this historic time and owns the sustainably farmed old vines, some of which reach 100 years old! The 90% Carignan and 10% Syrah blend makes for a complex and hearty red that starts of bright and peppery on the nose and follows through with red and purple cherry on the palate with a nice dose of lavender and even meaty charcuterie. Balanced tannins and a lingering finish make this a bargain at this price, and it is fantastic with soppressata and aged manchego. Cheers!

Oskar Blues Brewing

Oskar Blues Brewing's twist on the classic Irish porter takes the fusion of chocolate and coconut to record heights with its seasonal release, Death by Coconut. With a jet black pour topped by a frothy brown head that releases deep notes of dark chocolate and fresh, overarching coconut, the only death comes to any urge that resists the first sip. Intense flavors of chocolate sweetness and balancing malt roast flood the palate followed by a shattering blast of coconut that quickly tapers off, showing its reserved porter nature by not battering the taste buds in malt richness. Thankfully here in the Boulder Valley we don't have to worry about falling coconuts but we do have plenty of other issues, a couple of which Oskar Blues needs your support in redressing. Come pick up a 4-pack of Death by Coconut and ask how to donate your points to a local cause today. Cheers!
