**LEITZ DRAGONSTONE RIESLING**

**JAMIE**

Befittingly named after the Rhein River that flows along its southern border, the Rheingau region of Germany produces some of the finest examples of Riesling in the world, often with more body than its Mosel counterparts. Leitz' off-dry "Dragonstone" bottling is an elegant reminder of how acidity can perfectly balance a touch of sweetness to create a wine you'll buy again and again. Bursting with citrus, crisp minerality, and laced with nuances of orange blossom and honeysuckle, Dragonstone offers relief from the summer heat. Enjoy a glass with chopped Thai salad with spicy mango dressing or lemongrass-marinated pork. Cheers!
